EDUCATION

University of Waterloo

September 2022 - August 2027

BASc, Computer Engineering, Honours, Co-op

SKILLS

Languages: Javascript, HTML, CSS, C++

Tools and Frameworks: Git, Github, React.js, Node.js, Next.js, jQuery, Bootstrap, Tailwind CSS, Material UI, Vercel

PROJECTS

WatchD | *Next.js, React.js, Tailwind CSS*

August 2022

- Constructed an Amazon Prime Video clone app where users can search for and view trending movies according to **real-time** data fetched from the **TMDB API**
- Implemented **Server Side Rendering** with **Next.js** to decrease load-time via **Lazy Loading** and increase Search Engine Optimization by rendering **JavaScript** on the server

2D Mini Arcade | C++

August 2022

- Built a **C++** Mini Arcade where users can play Hangman, Tic-Tac-Toe, or Rock-Paper-Scissors

WeatherMe | *HTML, Bootstrap 5, JavaScript*

July 2022

- Created a responsive Weather app where users can search for and add the weather of **over 200,000** cities worldwide to a personalized dashboard
- Utilized **JavaScript** asynchronous data retrieval in tandem with various event listeners to have **real-time** weather data fetched from the **OpenWeatherMap API**

Portfolio Website | *React.js, Tailwind CSS*

July 2022

- Developed a dynamic, single-page **React.js** Web app highlighting technological capabilities
- Employed **Tailwind CSS** utility classes to design a modular, component-based frontend

LEADERSHIP EXPERIENCE

Co-President | *Project Tech Conferences Calgary*

July 2021 - August 2022

- Conceptualized and launched the **first** branch of Project Tech Conferences in Alberta to address absence of accessible opportunities for youth to learn programming
- Delegated tailored tasks to team of Regional Directors, producing three **nationwide**, technology-oriented events that massed **100+** students respectively

Chief of Staff | *Sir Winston Churchill Model United Nations*

May 2021 - October 2021

- Oversaw operation of under-secretariat and staff members, leading a successful eleventh iteration of the **largest** MUN conference in Alberta which garnered **400+** participants
- Spearheaded the design and implementation of the training of **60+** new members, resulting in beginner delegates **doubling** the past year's record for awards
